Jan VanWyngarden Reigns Over Homecoming

Janet VanWyngarden Is '60 HC Queen

Royal Court Has Four Attendants

By Carol Stier

"Presenting the 1960 Homecoming Queen, Janet Rueber VanWyngarden, and the members of her Royal Court — Miss Jane Becker, Miss Carolyn Kellogg, Miss Andrea Richardson and Miss Marilyn Ruesch."

The official inauguration of the 1960 Homecoming activities was proclaimed last night at Kastle Kapers.

Succeeding Dolores MacMahan Linkey, 1959 Queen of Homecoming, Her Majesty Janet VanWyngarden will receive the royal crown this afternoon during the half-time intermission of the Homecoming game against Iowa Wesleyan.

Thereafter, she will reign over the remainder of the Homecoming events. On Sunday afternoon the Royalty will be honored at the Queen's Reception in Centennial Hall Lounge at 3.

Queen Jan and her Royal Court were elected by a preferential vote of the student body at convo last Tuesday. At the preceding convo, the student body selected 10 finalists from a list of the senior women. From these 10 finalists, the Royalty were ultimately chosen.

AS INDICATED by her double nomenclature, Queen Janet Rueber VanWyngarden is the bride of one of the Knights' star halfbacks, Tom VanWyngarden, a business major.

Tom and Jan were married in Arlington, Jan's hometown, on Aug. 7 of this year. At present the VanWyngardens reside in a Waverly apartment.

The attractive, blue-eyed brownette queen stands five feet seven and one-fourth inches tall and has selected music education as her major with a minor in English. She is a member of the Wartburg Choir and Music Educators National Conference.

Besides her scholastic and domestic duties, Jan finds time to assist in the Dean of Students' office. In her spare time she enjoys playing the piano and sewing. She is an avid sports fan and likes football especially well.

Royalty is not a completely new experience for Queen Jan. As a freshman, she was selected Winter Sports Queen attendant and was twice a Homecoming attendant in high school.

Her Majesty hails from a family of five—three brothers and one sister, the youngest of whom is only a year old. Occupying the middle position of the family hierarchy, Jan grew up on a farm, the daughter of Mr. and Mrs. Arnold Rueber.

HER MAJESTY Janet VanWyngarden is flanked by the 1960 Homecoming Court, Marilyn Ruesch, Jane Becker, Andrea Richardson and Carolyn Kellogg.

HER REACTIONS to this new honor were mixed.

"First I was quite astonished," she said. "Then I was grateful to the student body. It was certainly something I hadn't expected at all."

"With all our new innovations in the festivities this year, such as the smorgasbord dinner, I hope that Homecoming is better than best. I am looking forward to seeing many of the alumni back."

The lovely foursome of the Royal Court hail from three states. English majors Andrea Richardson and Marilyn Ruesch come from Minnesota (Milroy and Fulda, respectively); music education major, Jane Becker, from Oak Lawn, Ill.; and elementary education major, Carolyn Kellogg, from Clear Lake.

Jane is a member of the Wartburg Choir, the Wartburg Symphony, Young Republicans, Pi Sigma, Artist Series Committee and MENC.

Jane's future plans include "teaching strings" on the elementary or secondary level. Accordingly, she is now student teaching in choral music at Waverly High School.

DAUGHTER OF the Rev. and

Mrs. S. M. Becker, the dark-haired, blue-eyed, five-foot-six-and-one-half-inch Jane was named second runner-up in the Miss Waverly contest last spring.

Jane's lone sister, the former Sigrid Becker, now of Des Moines, is a '54 Wartburg graduate. She is married to Charles Dickson, former Wartburg speech and drama coach.

Bubbling with excitement, Jane comments, "I consider this to be among the finest honors at Wartburg College, and for this I am grateful to the student body."

Women's Athletic Association secretary, Carolyn Kellogg, plans to teach fourth grade "if I can get it" and is presently an active member of SEA and the Women's Coordinating Board.

Miss Kellogg, the daughter of Mr. and Mrs. Glen Kellogg, grew up on a farm with one older brother.

The five-foot-five-inch, brown-eyed coed won the hearts of the North Hall Ambassadors recently when they chose her as their second North Hall Girl-of-the-Week. In compliance with their plans, Carolyn will be in the running for the 1960

Spring Carnival Queen.

"It has been fun being a part of the election, and I feel very honored to have been selected one of the five," said Carolyn.

THE THIRD ROYAL personality is Andrea Richardson, five-foot-two-and-one-half-inch, dark-haired, blue-eyed fiancée of philosophy major Bruce Bergquist.

Though the wedding is imminent, plans are, as yet, indefinite. At any rate, Miss Richardson plans to try her hand at secondary teaching.

Originally from Vermillion, S.D., Andrea is one of two children of Mr. and Mrs. W. H. Richardson. Her father is currently superintendent of the Milroy, Minn., High School and is, perhaps, the source of her educational aspirations.

A candidate for Miss Minnesota in 1958, Miss Richardson serves as treasurer of SEA and sings soprano in the Wartburg Choir.

She says she is "very happy to be one of the finalists," and adds, "I hope everyone has a very enjoyable Homecoming."

Miss Worthington, Minn., Marilyn Ruesch, a five-foot-seven-and-one-half-inch, blue-eyed blonde, completes the 1960 Homecoming Court.

With an English major and a music minor, Marilyn has plans of becoming a secondary teacher, in token of which she is currently student teaching at Waverly High School.

Her other activities include Wartburg Choir, Hans Sachs and Young Republicans.

MISS RUESCH is the daughter of Mr. and Mrs. Clarence Ruesch and is the oldest of five children, the youngest of whom she has not yet seen, as he arrived at 5 a.m. last Sunday morning.

Sparkling with enthusiasm, Marilyn gave vent to her reaction by exclaiming how "very happy" she is to be chosen one of the five royal courtiers.

These five vivacious coeds will be on hand to meet and greet students, faculty and alumni at the Queen's Reception in Centennial Hall Lounge at 3 p.m. tomorrow.

Wartburg Profs To Visit Schools

Two Wartburg professors will speak to students of Iowa high schools Nov. 2.

As a part of the Iowa visiting scientist program, Dr. A. W. Swensen, Chemistry Department, will speak to students of Postville High School. Dr. Elmer Hertel, Biology Department, will visit Center Point High School.

The purpose of the visiting scientist program is to improve the teaching of science and mathematics in high school and junior college and to arouse interest in scientific activities, including scientific investigation.

Visitation Here Nov. 12

Visitation Day will be held here Saturday, Nov. 12.

In the past, this day has been designated as Senior Day, but Fred Thompson, director of admissions, stresses that this day is now called Visitation Day because it will benefit all students, regardless of grade level.

The program is a general one, geared for high school students, especially at the junior or senior level. Parents, counselors and pastors are also invited to attend, according to Thompson.

The day's activities include campus tours, individual faculty member sessions, departmental displays, noon luncheon and admissions counseling sessions.

High light of the entertainment will be the afternoon football game with the Wartburg Knights challenging the Flying Dutchmen of Central College.

Singers On TV

Arrangements have been completed for the Castle Singers to present a Christmas program on KWWL-TV, Waterloo.

According to Dr. James Fritschel, director of Castle Singers, the program will be presented Dec. 20.

Election Requirements Vary In Areas; Are You Eligible To Vote Next Month?

Are you a citizen of the United States, 21 years of age?

If so, you are well on your way to voting in the 1960 Presidential election Nov. 8.

However, the above two requirements are not the only ones that must be considered before you may cast your vote.

Students who live in Iowa must have been a resident of this state for at least six months and of their county at least 60 days.

Heavily populated areas in Iowa, like Des Moines and Waterloo, require registration prior to voting. This can be done at the city clerk's office.

Students at Wartburg from Iowa may vote by writing for an absentee ballot from the county auditor.

In most areas, like Waverly, a qualified voter may go directly to the polling place and

vote on election day. Announcements of the location of these polling places are made in the local newspapers.

Each state has its own voting requirements. Most students from out of state should be eligible in their home voting districts. They will, of course, have to vote by absentee ballot.

Again, some districts require registration, and some states do not permit registration by proxy or by mail.

Therefore, unless the student has registered during the summer, or during a weekend spent at home this fall, he will not be able to vote.

Some states permit registration by mail, and to check particular requirements, the student should write to his city or county clerk or auditor.

Absentee ballots must be notarized, and Miss Eldora Flugga, Wartburg treasurer, is a notary public and performs the service to students free of charge.

CARRISON RADIO & TV

Homecoming Activities Cap Weeks of Preparation

THE PERPETUAL symbol of Wartburg, Sir Victor, is portrayed by Student Body President Fred Mai. The armor-clad Mai led the Homecoming parade this morning.

Decorations Help Build Weekend Spirit

By Darrell Jobman

Wartburg campus burst out in color and slogans today, after weeks of preparation, for the annual Homecoming weekend.

"Truth Triumphs," the overall slogan, and "Kalm the Kitties," the game slogan, were featured in dorm and other campus decorations and in the parade this morning.

Twenty floats and seven bands, in addition to special cars, comprised the Homecoming parade.

ALTHOUGH THE long-awaited Homecoming weekend is about half over, much action remains on the schedule. Highlighting the remaining events are the formal dance tonight at 9 p.m. and special church services tomorrow morning.

Already in the past is the annual Kastle Kapers show, presented last night. This after-

noon the Knights face the Iowa Wesleyan Wildcats at 2 p.m., and if Homecoming spirit is any indication, Wartburg should pick up its fifth victory of the season.

"Southern Splendor" is the theme of the formal Homecoming dance from 9 p.m. to 1 a.m., according to junior chairman Al Snook. A new false ceiling is being used which completely covers the gym.

DECORATIONS WILL be in a Southern plantation style with half of the gym partitioned off into a ballroom and the other half into an outdoor garden. Playing for the occasion will be Bob Ollermann and the Imperials, an 11-man group from Milwaukee.

Incidentally, girls have 1:30 a.m. hours, and tickets are \$3.50 per couple at the door.

Right after the game, there will be several "get-together" events. An alumni coffee is

scheduled for the chapel-auditorium, and Clinton Hall will have a social hour in its lounge.

Two other events are scheduled for earlier tonight. From 5-7 p.m. there will be an informal smorgasbord at Carver's. Tickets for the meal, unless already bought, are \$2.

DECORATIONS WILL be a combination of a fall theme and the "Truth Triumphs" slogan centered around the cross, according to senior chairman Gayle Turner.

From 7:30-9 p.m. a parents' reception will be held in the gym. Faculty and staff will have a chance to meet students' parents at the informal coffee time, according to senior Eunice Foege, chairman.

The Sunday morning speaker at both the campus church and St. Paul's church services will be the Rev. Elmer A. Nelson, president-elect of the Illinois district of The American Lutheran Church.

FORMERLY, PASTOR Nelson was vice-president of the Illinois district in the ALC.

The speaker was a minister at Rantoul, Ill., for 25 years but now lives temporarily in Des Plaines, Ill. Pastor Nelson began a Wartburg family tradition. He graduated from Wartburg at Clinton, and his son David graduated from Wartburg at Waverly in 1958. David is now an interne in Seattle, Wash.

Two other children—Duane, a senior, and Linda, a sophomore—are Wartburgers now, while the remaining two are in high school.

SEVERAL SPECIAL breakfasts have been scheduled for Sunday morning. Alpha Phi Gamma will be host at a breakfast for all alumni members, as well as actives, and the class of 1955 will have a reunion breakfast at Carver's at 8:30 a.m.

Between 1 and 3 p.m. on Sunday afternoon all dorms will have open house. Today is also open house, and everyone is invited to look in and see how Wartburg students live.

A queen's reception tomorrow afternoon between 3-5 p.m. in Centennial Hall Lounge ends the Homecoming weekend.

Added to Homecoming activities, however, is the presentation of "Martin Luther, Protestant" Sunday night at 8 p.m. Admission is free to the public.

Luther Pageant Set Tomorrow Evening

By Fern Chantland

Only performance of the play "Martin Luther, Protestant," by Paul Schacht and George Dell, will be presented in the auditorium tomorrow at 8 p.m.

The character of Luther is portrayed through a series of brief scenes based on various high points in the reformer's life. The final scene is laid in Wartburg Castle.

"Bruce Bergquist is doing a good job portraying Martin Luther, and all the other members of the cast are doing their parts well," commented Vernon Lestrud, director, this week. Lestrud added that the cast is the largest of any play he has ever directed.

The play cast is as follows: Martin Luther, senior Bruce Bergquist; Brother Nicholas, Bob Moeller; Brother John, Jim Werth; Brother Lucas, Don Ehlers; John Bon Staupitz, Bob Rosenberg; John Tetzel, John Wollenzien.

Mosellanus, Dean Phillips; John Eck, Norm Graven; Carlstadt, Dale Schunke; Melancthon, Don Ehlers; Charles the Fifth, Art Wienke; Chievres, Bob Rosenberg.

Fool, Bill Thompson; Archbishop Mainz, Bob Moeller; Amsdorf, Dean Phillips; Petzenseifer, Jim Werth; Black, Bill Thompson; White, Art Wienke.

The crews consist of stage manager, Bob Rosenberg; assistant stage manager, Gerold Seifert; stage crew, Gerald Zimmerman, Gene Boldt, Eddie Poldsifer and Craig Sathoff; company manager, Donnie Inman.

Properties, Judith Seffer and

Sharyn Purcell; costumes, Kathryn Koob, Judith Frenz, Darlys Sargent and Shirley Baldwin; make-up, Kay Knopf, Kay Marshak, Ann Schumacher and Louise Loots; publicity, Art Wienke and Bill Thompson.

Castle Singers also have a part in the pageant. Besides singing, some members will act in group parts while others have walk-ons. Those with walk-ons are James Schneider, Robert Post, Ervin Hesterberg, Peter Weller, Ted Kalkwarf.

Gerald Franzen, George Mikos, Jerry Potter, Bill Bureham, Richard Braun, Duane Nelson, Rita Johnson, Jon Gruber, Darrell Schlange, Howard Oberheu, Dave Kaiser, Kay Knopf, Louise Loots, Helen Humann and Darlene Weight.

No admission will be charged, according to Lestrud.

National Defense Loans Go To 40

Forty Wartburg students have been granted National Defense Loans so far this year, according to Herbert Engelbrecht, college business manager.

Loans given total \$18,150. Twelve freshmen, twelve sophomores, seven juniors and nine seniors have received the loans.

DRESS REHEARSALS for the play "Martin Luther, Protestant" have been going on during the past week. Robert Rosenberg tries to comfort Bruce Bergquist, who is cast in the title role.

Maytag Firm Gets College Recognition

Maytag Company of Newton has been awarded the Iowa College Foundation 1960 honor award for leadership in strengthening independent Iowa colleges.

Pianist To Appear

Soulima Stravinsky, pianist, son of the noted composer Igor Stravinsky, will present a concert during next Thursday's convocation.

His appearance is part of a tour which he is making under the auspices of the Arts Program of the Association of American Colleges.

Stravinsky will meet the advanced piano students of Wartburg College after his concert and will give an informal program for the music students in the evening, according to Dr. Edwin Liehn, head of the Music Department.

Stravinsky was born in Lausanne, Switzerland. He studied piano and composition under such outstanding teachers as Napravnik, Philipp and Boulanger. He made his debut at the age of 20.

Recognized as one of the foremost interpreters of Mozart, Scarlatti and of his father Igor Stravinsky, he gave concerts in most of the European countries, Canada and North Africa before settling down in the United States.

He has been a member of the

music faculty of the University of Illinois, Champaign, where he makes his home, since 1950.

Dr. Alvin Rogness, president of the Lutheran Theological Seminary at St. Paul, will be the speaker for the Reformation convocation next Tuesday, according to the Rev. Herman Diers, chaplain.

Stravinsky

Tickets Here

Artist Series tickets will be available on Tuesday and Wednesday, from 8 a.m. to 12 noon and from 1 p.m. to 5 p.m.

This second Artist Series program will feature the Boris Goldovsky Grand Opera Theater presenting "Don Giovanni" on Monday, Nov. 14, at 8 p.m. Tickets will be available in the foyer of the chapel-auditorium.

Welcome, Alumni

Welcome to the "college of your brightest days"!

We at Wartburg hope that your visit here this Homecoming weekend proves both enjoyable and profitable. This is the nostalgic time of year, the time to greet old friends and remember years gone by.

The alumni department and student body have worked hard on the Homecoming festivities this year. We hope that they will please you.

See you around the campus!

Round Meat Or Square?

Hindsight is a handy thing.

Which is more important, studying for the Christianity exam or walking your girl in the park?

Is it wise to sacrifice study for extracurricular activities?

Isn't that bull session more important than sleep?

The alumni on campus this weekend know the answers. They can look back and pick out the things that have lasting importance. They have hindsight.

We students on campus can only guess. We flounder along, deciding between round meat or square.

To slightly paraphrase an old saying, Wartburg is our oyster. We know it. We take pearls and rhinestones from it all the time.

Decisions, always decisions. Which sweater to wear in the morning, whether to cut class in the afternoon, whether to really tell off our roommate at night. College is like life — just layers and layers of decisions.

Then we graduate and return, probably for Homecoming. For a while we are in the past and yet not in it. Those long-ago decisions seem to be living options again, but yet they are not. They are now a part of us.

When we look back, what will we remember?

The study, the walk, the extracurricular activities, the bull session?

Upon this answer depends the personal value of our college education. What's round meat for one person is square meat for another.

It would be tragic to find yourself with square meat instead of round. It would be tragic to want another slice of meat after the platter had been removed. However, it would be most tragic to find that what looked like meat was only fried potatoes.

Oh, for the hindsight of the alumni.

LETTERS TO THE EDITOR

Qualifications For Political Responsibility In Election Year Explained By Student

To The Student:

Three weeks before the Presidential election, the question of political responsibility again becomes interesting and demands to be considered, especially by the students in the colleges and at the universities.

For students are an important group, which is growing from the stage of learning into the stage of responsible acting, in our society.

But what do we mean by political responsibility?

Political responsibility does not mean to sit in front of a TV set and to watch the Kennedy-Nixon debate. It does not mean argumentation about the question concerning which of the two candidates got the better make-up adviser in this political quiz, nor does it mean to wear a pin on one's jacket, which shows name and head of the favorite candidate.

Political responsibility requires three main factors: information, reasoning and personal, responsible decisions.

Looking at the first factor, one may see that correct information is one basis on which responsibility has to be built. There are many informative sources at the students' disposal. It is not necessary to name them all here.

In this connection some critical remarks have to be made as far as the students on campus here are concerned.

But the difficulties for college students start with the second factor, reasoning. This requires experience and power of analysis. Here lie the main tasks for all parents, schools and universities. They have to prepare the young, growing generation for political responsibility.

On the other hand, it is not to be forgotten that students have to show at least a certain readiness for this task. They have to be aware of their coming political responsibility, which will become apparent in their personal,

reasonable decisions.

The question whether to vote or not is one of the first which has to be considered.

Richard H. Rovere, for instance, says in one of his latest editorials, "If I felt that my ignorance of all that was at stake was so great as to render my judgment worthless, I would hesitate to inflict my ignorance upon the republic. Abstention would not absolve me of responsibility. I would still be guilty of sloth, or stupidity — but not twice guilty, as I would be if I threw my incompetence into the balance."

Growing into the stage of responsibility, the students have to show their readiness to meet this challenge. The possibilities of getting information and advice are open to anyone. Now it depends on the students alone.

Kristian Mueller

W'burg Students Differ In Actions

Dear Editor:

I just came from worshipping with the students at Wartburg. To observe these devout young people was inspiring, and we were grateful when a young man took the trouble to greet us after the service and to bid us welcome.

Coming home from the service, I was glad that some of the gifts with which God has blessed me have gone to Wartburg.

By contrast, some weeks ago I chanced to be in the bus station. Two girls, wearing "Wartburg" in big letters on their sweat shirts, were there also. They were chewing gum loudly, and the smoke was rising from their cigarettes; they made no move to offer their chairs to the middle-aged women standing near by.

At that time I thought to myself, "Some of us contribute to Wartburg College because we figure it stands for something, but for what?"

Sincerely yours,
Esther Karsten

STUDENTS REPORT NEWS FROM . . .

Ecumenical Confab Attended

By Paul Wilken and Stan Lillich

"The Mission of the Church in the Academic Community" was the subject discussed by approximately sixty-five students at the Iowa Student Ecumenical Conference held Oct. 7-9 at Riverside Bible Camp in Story City.

Speaker at the conference was Herlof M. Jensen, general secretary of the National Student Christian Federation.

Through a series of three lectures, a report on the Strassburg Ecumenical Conference and discussion groups, the students at the conference were given the chance to discuss the purpose of God and His church, the academic and secular world and the place and task of the secular academic situation.

Jensen revealed that the Christian church, which is actually a living being willed by God and begun by Jesus, is in a critical state. The number of Christians relative to the whole of the world is decreasing every year.

In North America the total of Protestant Christians is decreasing by one million per year. The church is constantly being pushed out of the whole of life and into an area of its own. It is being reduced to a code of moral conduct.

This, of course, is contrary to God's will. What Christ did and does, we Christians also must do. The church is those people who know the great mystery of Christ's resurrection and the fact that He now rules. They must proclaim this to the world.

THE MODERN university, or the whole realm of higher education, was begun by the church in about the 12th century. Gradually the secular forces of the world pulled the university away from the church until we have the situation today in which God is seemingly exiled from the university.

The modern university does a most deadly thing. It isn't neutral toward God; it ignores Him.

ALL FAITHS have a high degree of unanimity as to the mission of the ecumenical movement, but yet today everything seems to depend on whether the denominations rise or fall.

The Christian community, which is on campus in the form of the ecumenical movement, provides the campus with the Christian presence by being interdenominational, international and oriented to the ecumenical mission throughout the world.

There are four things that it must do: It must provide for worship, for study of the Bible, for study of the racial issues in the world and it must help students to learn how to think, both as students and as Christians.

One of the most important ecumenical tasks is study. The Christian student must not be afraid to be a student. God has called him into the university for study, and perhaps this is the way in which he can celebrate the presence of God.

Various concrete actions that the Christian student movement can do are: establish study and involvement groups, observe the World Day of Prayer, Bible study, highlight the international ecumenical movement, help foreign students on campus and aid students who are discriminated against.

THIS IS AN important area for the student Christian movement because, as Jensen said, segregation is a matter of concern for all people.

Four-fifths of the people of the world are not white. There is too often a tendency among American student Christian movements to regard themselves as WASP's (White Anglo-Saxon Protestants). This is not God's will!

During the weekend the stu-

dents were given the opportunity to attend worship services conducted by some of the denominations in attendance, in addition to the lectures and discussion groups.

The Sunday morning worship service was a Lutheran liturgical service with the Rev. Robert Dell of Wartburg delivering the sermon.

Denominations represented at the conference were Lutheran, Methodist, Presbyterian, Baptist, Christian, Episcopal and Congregational. Colleges represented were Iowa State University, State University of Iowa, Iowa State Teachers College, Drake, Grinnell, Grand View, Parsons and Wartburg.

Attending the conference from Wartburg were juniors Ted Kalkwarf, Gail Lovold and Margaretha Radloff; freshmen Stanley Lillich and Paul Wilken and Pastors Dell and Herman Diers.

Miss Radloff was elected treasurer of the Iowa Student Ecumenical Association for the coming year.

Knights 'n' Daze

Once upon a midnight dark and dreary,
As I pondered weak and weary . . .
I realized that another column was due. With all the alumni around this weekend, there's bound to be lots of talk about how far Wartburg has advanced and what we still need. As my contribution to the discussion, I'd like to point out a few things Wartburg doesn't need:

1. Tests?
2. Curve-raisers?
3. The three-date rule?
4. Brigitte Bardot?
5. Rock 'n' roll?
6. Khrushchev?
7. TV commercials?
8. Soap operas?
9. Jack Paar?
10. Tests?

On the other hand, there are a few things Wartburg still does need. I'm told that this column has always been the place for crusades. For instance, who can forget Loslo's epic struggle for a better water fountain?

In this issue, I am proud to announce the formation of the Citizens Committee for Better Lights in Old Main. There is neither membership fee nor creed, so I can see no obstacle to everyone's joining.

The situation has gotten pretty well out of hand. Last Tuesday a student in the accounting room dropped his pencil and crawled under this desk after it. At last report, the pencil has been found but the student is still missing.

What do the world's great minds say about this crisis and about the work of C.C.B.L.O.M.?

Thomas Paine — "These are times that try men's souls."
Karl Marx — "Students of the world, arise! You have nothing to lose but your chains."

Rabelais — "Liberty, equality, visibility."

Shakespeare — "Is this a dagger I see before me?"

Martin Luther — "Here I stand. I can see no other."

Holy Bible — "Let there be light."

We shall consider the problem in greater detail in the weeks to come.

For now, welcome to Wartburg, parents and alumni. We hope your stay is enjoyable in every respect.

The Wartburg Trumpet

Published weekly during the school year. Entered Oct. 15, 1935, and re-entered Sept. 27, 1937, as second-class matter at the post office at Waverly, Iowa, under the act of March 3, 1879. Subscription rate — \$3.50. The views expressed in this publication are not necessarily those of the faculty or of the administration. Founded in 1906 as the Wartburg Quarterly.

HC Preparation First Shown By Kastle Kapers

By Chuck Jepsen

For weeks Homecoming preparation has been going on. Students have been planning, cleaning rooms, building floats.

The first concrete result from their labors was seen last night in the form of Kastle Kapers.

The program, entitled "Moonlight in Manhattan," was a succession of musical groups visited by frosh MC's Gary Bergamo and Richard Arrasmith. On the pretense of looking for five queens, they visited different music spots, interspersing each visit with spicy, even rare, humor.

Variety was the order of the day as everything from calypso to dance music was featured.

The more established group led by Eddie Skay showed the most finesse, doing an especially fine rendition of "Moon Glow." One high light of the evening was frosh Art Schildbach's original drum solo in "Jada."

The audience took well to the comedy dance routine of freshmen Elaine Frantz and Art Wienke. Their antics as well as being humorous showed a measure of talent in impressionistic dancing.

The calypso section provided a refreshing change to the other styles of music. Borrowing a number popularized by the Kingston Trio, the group opened with "Wreck of Sloop John B."

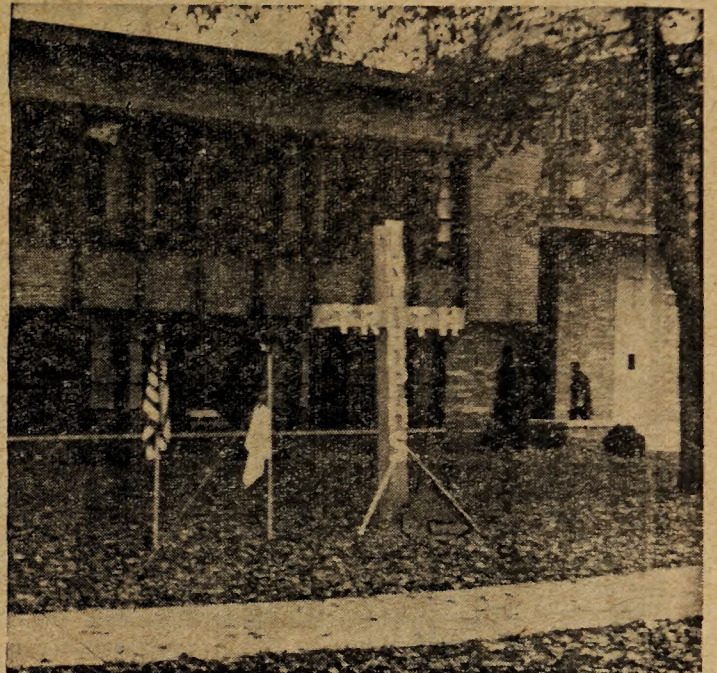

Another high spot of the evening came with freshman Steve Smith's version of a Harry Belafonte specialty, "Island in the Sun."

The most "way out" music appeared in "Conga Bongo" with soph John Battey and frosh Bob Wachholz doing the skin slapping.

Outside of the calypso numbers, the vocal renditions were overshadowed by instrumentals. They, however, served the purpose of breaking up possible monotony of consecutive band selections.

Climaxing the show was the presentation of the Homecoming queen and her court. The transition from comedy to the needed solemnity of a coronation didn't take place, and some of the dignity and respect for the queen was lost. However, any loss was overshadowed by the beauty of the court.

A completely different type of show from previous Kapers, the program was well presented and in turn was well received by an encouragingly large crowd.

"TRUTH TRIUMPHS" says this cross, one of many decorations appearing all over campus. Most of the fancy work got a thorough dousing in the early morning shower.

PRIME MOTIVATING force behind Homecoming, the Homecoming Committee, gathers for a picture.

First Row: Bill Schroeder, Betty Haefs, General Chairman Don Poppen, Kathi Karsten, Gayle Turner.

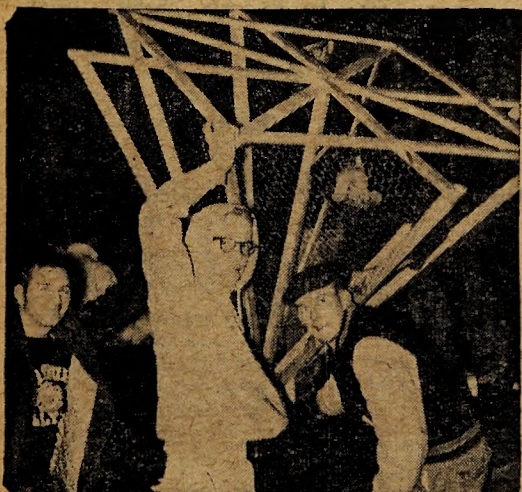

Second Row: Wayne Walter, Dave Siefkes, Marilyn Rugroden, Alan Snock, Paul Schaedig, Eunice Foege.

Third Row: Bruce Buslaff, David Kaiser, Len Schmidt, Gary Poorman, Ed Scharlau, Lynn Meier.

IT LOOKS AS though Mr. Clean invaded North Hall. Similar scenes were re-enacted in every dormitory on campus during the past week as students readied the campus for alumni, friends and their parents.

Truth Triumphs

THAT LOOKS PRETTY good just the way it is. You may think floats are made from chicken wire, wood and paper napkins. They aren't. Prime ingredient is a lot of hard work.

Knight Harriers Crisscross Local Area With Miles And Miles Of Hard Work

"Round and round they go and where they stop . . ." could well be the theme for the Wartburg cross-country team.

An average workout for these hardy fellows consists of four to six miles of running over the Waverly countryside. They practice six days a week.

Some days the squad has workouts concentrating on speed, at which time the harriers run one-fourth or one-half mile against the clock. Other days they strive for endurance, running and jogging almost continuously for one and a half hours.

Although all cross-country runners at Wartburg are underclassmen, the squad as a whole has showed steady improvement in its home meets.

The only upperclassman on the squad is Jerry Schara, sophomore from Middleton, Wis. Schara got a letter in track last spring as a high jumper.

Two harriers, Bob McNerney and George Max, are from Waverly. McNerney was active in high school distance running, but this is the first season of competitive running for Max.

Gary Jansonius, Prairie View, Kan.; Don Knobloch, Peoria, Ill.; and Doug Goke, Belmont, Wis., are also experiencing their first taste of distance running.

Cross-country coach Ax Bundgaard has singled out Goke and Russell Leitz, Milford, Ill., as two of the more promising members of the squad. Leitz has had considerable experience running the mile in high school.

Although the harriers have lost their matches thus far this season, Coach Bundgaard expressed satisfaction over their improvement.

The miles disappear under the running feet of Wartburg's harriers. Round and round they go. Perhaps they will soon stop in the winners' circle.

WARTBURG'S HARRIERS take off cross-country during their daily practice. Here they tear up the track.

2nd Team Tops TC Frosh

By Dave Jensen

Wartburg footballers gained another first this week when the freshmen, with the help of a few non-letterman sophomores, defeated the Iowa State Teachers College freshmen, 14-6.

The game-type scrimmage gave viewers some indication of what to expect in the future for football fortunes. Some of the outstanding performances were turned in by Ray Bye, Gary Leeper, Leon Oltmann and Tim Tower.

BYE, JANESVILLE speedster, accounted for both of the Squires' scores with runs of 60 and 38 yards.

Leeper directed the attack and did some fine passing to Bye and Bob Wachholz. Oltmann reeled off a couple of nice runs after bursts up the middle.

THE DEFENSIVE line, anchored by Duane Huth, Rod Von Holton, Carlton Johnson and Mark Geddes, stopped the Little Panthers' running game and forced the Panther quarterback to hurry his passing. The quarterback was finally tackled in the end zone for a safety.

ISTC's only score came on a series of roll outs, with Larry Thompson crossing the goal from 12.

The game was finally stopped when a dense fog rolled in and hindered both the players and the spectators from seeing the ball.

CHALK TALK

By Tom Kuckkahn

Welcome, alumni—

Many of you grads probably recall the football games of past years when defeat was added to defeat and victories were few and far between.

Since those forlorn days of 1935-41, when the Knights put together a 23-game losing streak, Wartburg football has been progressing rapidly until today the Jomen are the Iowa Conference champs.

This year's squad has found the going rugged at times, but it still has an outside chance for the conference title.

At present the Knights are tied with Upper Iowa for third place with a 3-2 record. Parsons College is leading the pack with an unblemished 5-0 mark.

This year's student body, unlike many of those of past years, has become accustomed to winning. The Jomen have not lost a football game in Schield Stadium for two years, and a win today will leave them with only one more to go to make it three years in a row.

Wartburg's newly founded winning tradition looks as though it will continue for a long time. This year's football team has an excellent group of freshman ballplayers.

They showed their prowess earlier this week by downing the highly touted Iowa State Teachers College freshman two touchdowns to one while also counting two points on a safety.

This year's Knights began the season with three problems: injuries, inexperience and incoherency. They overcame the first two, but not until last week, when they romped over Augustana 27-7, did they overcome their incoherency problem.

A change in the backfield personnel apparently helped solve the problem. Marv Ott, stereotyped at quarterback the past three years, where he established himself as the best in the conference, was moved to halfback.

Jack McClelland, quarterback of the '57 squad, who has returned this year, moved into the quarterback slot. The combination proved effective, as can be seen by the Augustana score.

Wayne Dreier, senior fullback, played his best game at that position, as he scored three TD's while providing needed yardage in the clutch. Ott also turned in an excellent performance, even though somewhat unaccustomed to his new duties at halfback.

Ten seniors will be playing their last Homecoming game today. They are backs Wayne Dreier, Dave Jensen, Marv Ott and Tom VanWynngarden and linemen Larry Collmann, Hank Giesman, Rog Hildebrandt, John Klaudt, Don Lehmann, Chuck Wallin and Gerald Buckler.

KALM THE KITTIES — KOOL THE KATS — KILL THE TIGERS — WIN, KNIGHTS!

Locals Named IM Champs

Unbeaten Waverly won the intramural football championship outright Monday night by trouncing Clinton II, 58-6.

From the start it was all Waverly. The hometowners showed a powerful offense led by DuWayne Carnes, who crossed the goal line four times.

The Clinton II Tigers were able to crack the Waverly de-

fense only once. That came on a pass play from Jim Boreherding to David Langrock, a play that covered 70 yards.

This was Waverly's seventh consecutive victory, giving it an undefeated season.

Clinton III defeated Off-campus by forfeit in the only other game this past week. The games missed Tuesday will be made up this coming Tuesday.

Ott Leads Passing; Dreier Tops Rushing For Knights In Six Games

Now that the football season is three-fourths over, these statistics have been established:

Senior quarterback Marv Ott leads in passing with 21 completions in 56 attempts for 199 yards. Ott has gained 313 yards rushing, to lead the Knights in total offense with 512 yards.

Senior fullback Wayne Dreier is leading the Knights in three departments. He has rushed for 422 yards, has scored four touchdowns and has a 40.3-yard punting average.

Opponents	Score	1st downs	Rush yds.	Pass yds.	Total

Tigers Try Again In Knights' HC Tilt

By Tom Kuckkahn

The Iowa Wesleyan Tigers invade Schield Stadium today for their second Homecoming encounter with the Knights in the last three years.

In 1958 the Jomen downed the Tigers 34-19 in the fall classic. Time for today's game is 2 p.m.

Wesleyan comes here with an unimpressive 1-5 conference mark, but the Knights had best beware of the Kitties. With a team which has everything to gain and nothing to lose, as does Wesleyan, a lot of unexpected things can happen.

WESLEYAN'S unsuccessful season is due mostly to inexperience. The Tiger squad is made up largely of sophomores and freshmen. One of the few experienced men is Famous McElwee, a Negro lineman, one of the best in the conference.

Wesleyan will be the first Iowa Conference team to face Wartburg's "new look" offense which was unveiled against Augustana last week.

Last week, against a highly favored Augustana of Rock Island, Ill., Jo removed Marv Ott from quarterback for the first time in more than three years and installed junior Jack McClelland at that spot in an effort more effectively to utilize Ott's running ability at left half.

ALTHOUGH WESLEYAN has been only a mediocre team at best this year, Coach Johansen said he didn't expect any pressure to let up on the Knights this week. He called Iowa Wesleyan a fast, aggressive, hard-hitting club, which is much improved over last year.

Today's starting line-up follows:

LE—Don Lehmann
LT—Chuck Wallin
LG—Larry Collmann
C—Terry Schneider
RG—Don Sowers
LT—Dennis Krominga
RE—Bob Mueller
QB—Jack McClelland
LHB—Marv Ott
RHB—Tom VanWyngarden
FB—Wayne Dreier

C-C Squad Loser Twice

During the past week Wartburg's cross-country team lost two meets.

Knights lost to Simpson 17-38 and then went down to defeat at the hands of Loras 24-31.

IN THE FIRST of these, at Simpson last Saturday, the Knights were paced by Russ Leitz and Jerry Schara, who finished fifth and sixth, respectively.

On Thursday, the two Mulholland brothers, John and Dick, from Loras, were too much for the Knights. John last spring finished 11th in the 5,000-meter run in the Olympic tryouts.

Russ Leitz again led the Knights, coming in behind Dick Mulholland, who placed second.

NEXT WEEK the Knights are on the road for two more meets. The first is at Decorah against Luther on Tuesday, and the second at Dubuque on Saturday.

Both should be tough meets for the Knights. Luther defeated Loras, the Knights' last opponent, earlier this year.

Last competition of the year for the Knights will be the Iowa Conference Meet, which will be in Waverly Nov. 12.

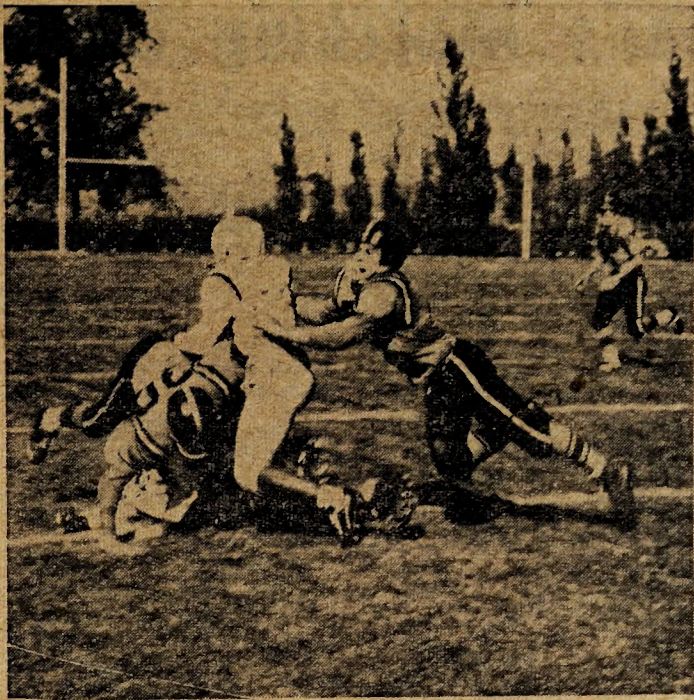

Volleyball Is Next

Volleyball will replace football after next week as intramural action, according to intramurals chairman Don Ringenberg. Sign-up sheets will be posted, and all men can sign.

Saturday, Oct. 29, 1960

KNIGHTS' TOM VanWyngarden, number 30, and Don Sowers converge on an Upper Iowa ball carrier in Wartburg's last home game. The Knights will be out to get victory number five today.

Cagers Begin Drills Tues.

With only two more football games remaining after today's Homecoming contest, basketball coach Ax Bundgaard is ready and eager to start drilling his cagers into shape for the coming season.

Next Tuesday, Nov. 1, is the day that practice officially opens in preparation for the opening game with Augsburg on Dec. 1.

Returning lettermen to this year's Axmen squad are seniors Reuben Drefs, Dave Jensen, Marvin Ott and Kermit Urbain as well as juniors Jim Borcharding, Don Hein, Bob Mueller and Darwin Oehlerich.

Although hesitant to make a prediction of the Knights' success this year, Coach Bundgaard said, "This year's conference race should be a tough one, since most of the teams are loaded with veterans."

He cited Parsons and Dubuque as two of the tougher teams in the conference this year. Last year Parsons, with only one senior on the team, won the NAIA play-offs.

Sporting Frosh To Meet Monday

Prospective frosh athletes not out for football or cross-country and interested in basketball are asked by Dr. Axel Bundgaard, basketball coach, to report to the north classroom of the gym on Monday at 4 p.m.

Any other freshman or sophomore men interested in football for next year are requested to meet with Coach Norm Johansen on the stage of the gym at 4 p.m., also on Monday.

Knights Top Augies 27-7 For 4th Win

By Paul Baumgarten

Wartburg Knights last Saturday snapped out of the doldrums and back into the win column by defeating favored Augustana by a 27-7 score.

The Jomen, showing their first real offensive power of the season, were in charge all the way.

THE SCORING began in the second quarter as Wartburg recovered a Viking fumble, and several plays later, fullback Wayne Dreier plunged over from the 3. Dennis Krominga kicked the extra point, and the score stood at 7-0.

Later in the quarter, the Vikings broke into the scoring column on a fourth down pass play from Collison to Horton, which covered 12 yards. The conversion made the score 7-7.

Early in the third quarter, Wartburg's next scoring drive got under way. On the second play after the half, Marv Ott recovered a Viking fumble on the Augustana 25.

SIX PLAYS later, quarterback Jack McClelland handed off to halfback Ott, who threw a flat pass to his running mate at halfback, Bill Fulcher. Fulcher then ran the ball over from the 16. Krominga again converted to make the score 14-7.

After the kickoff, Augustana held the ball for four plays, after which it had to punt, the ball falling dead on the Wartburg 42.

It again took the Knights only six plays to score, Dreier carrying the ball over from the 12 on the sixth play from scrimmage. Dreier's run was set up by a fine run from halfback Tom VanWyngarden after catching a pass from McClelland.

Krominga missed the extra point and the score was 20-7.

WARTBURG'S LAST scoring drive was set up by another Augustana fumble, this one being recovered by linebacker Don Sowers on the 25.

After a series of plays up the middle, McClelland pitched to fullback Dreier, who then scored from the 1. Krominga kicked the extra point, making the score 27-7.

Setting the stage for the last fumble was a 68-yard kick from scrimmage off the foot of Dreier. The ball traveled 70 yards in the air from the point of impact and was finally blown dead on the Viking 25, where the fumble occurred.

The other thing that must be noted was the alertness of the defensive unit. It covered all four of the Augustana fumbles, and three of the recoveries led directly to TD's.

SENIOR SPORTLIGHT

Hank Plays Split-Level Pigskin

By John Stumme

Before Hank Giesman went into service, the blond senior played on the Wartburg teams of 1954 and 1955 that consistently lost to arch-rival Luther.

But since his return to the Wartburg football scene, Hank has helped the Knights to bring about a complete reversal in this hot rivalry.

Last year the conference champs downed Luther, 26-0, and this year they outclassed them, 20-7. These two victories are the greatest thrills in Hank's football career.

As he put it, "It's a good deal to be on the other side of the fence."

At the end of this season, the 6-foot 2-inch, 185-pounder will have lettered four years at his tackle position. Giesman plays no defense, concentrating only on offense.

Often when a Wartburg back rips off a gain over tackle, it's Giesman's strength and speed that has opened a hole in the opponents' line.

After the 1955 school year, Giesman spent 21 months in the Army. Although he wanted to play service ball, he was unable to do so because of illness and special duty.

Giesman returned to Wartburg last year and was welcomed with open arms by the coaching staff.

Hank is naturally disappointed over the Knights' two defeats this fall, especially the one to Parsons, but he said, "We're going to be okay from here on in. We're back on the right track."

This statement was borne out in last Saturday's convincing victory over Augustana.

Giesman

This congenial senior hails from Beatrice, Neb. As a high school athlete he lettered two years in football and two in basketball.

Although Giesman has played only football in college, he still has a definite interest in other sports. He is a physical education major who hopes to coach high school football, baseball or basketball.

Hank is not "all brawn and no brain." Last year his semester averages were 3.0 and 2.6, showing that he is an above-average student.

This big Nebraskan is active in several campus organizations, W-Club, Student Education Association and Science Club. He also is proctor of Ketha House.

Wartburg has three remaining games, including today's Homecoming battle, and you can bet that that "go-get-em" Giesman will be in there tough, making running room for the Knight backs.

Lechnyr Leads Marching Band

By Grace Jahn

"It's amazing!"

"How does he do it?"

"Look at that boy go!"

These comments, overheard at any Wartburg home football game, could concern any gridiron star, except when they are heard at half-time.

When the Marching Band is performing on the field, all eyes are on Wartburg's strutting drum major, Ron Lechnyr.

Doing his now famous "goose step," Ron directs and leads the Band through its maneuvers while exclamations of astonishment fill the air.

Ron is a freshman pre-theological student from Minneapolis, Minn.

His career as a drum major began during his sophomore year at North High in Minneapolis. Several of Ron's friends were trying out for the drum major positions, and they convinced him to join them. He was a member of his school's second band at the time.

"I didn't want to be a drum major," he said. "I didn't even

know what a drum major was."

During his junior year, in addition to playing cornet, Ron was named assistant drum major. He moved into the top position in his senior year.

"When I was a sophomore, the drum major showed me the signals used, but everything else I picked up from watching," commented Ron, who never had any lessons in the art of band-leading.

Ron did his practicing at home.

"I put four holes in the ceiling of my room with the metal tip of my baton and a long slash in the living room ceiling," he laughingly explained. "Then I'd practice in the backyard until the little kids came around."

During high school Ron led his band in three summer parades and four home football games. In addition to the goose step, he used pistols and blank ammunition at the beginning of each performance. He'd shoot off the pistols as a prelude to his entrance.

"Our school would clap while the other side would usually laugh," he said. "That would make me try all

the harder. I guess I'm just a glory-hound," he grinned.

In addition to the well-deserved praise, Ron received a letter and a pin as awards for his work in band.

"And I've never fallen — at least not that anyone has known of," he explained.

The only thing, according to Ron, that he doesn't like about his work is yelling at upperclassmen.

Ron

"In high school I couldn't see myself yelling at my friends and at the good-looking girls," he said.

But, all in all, Ron loves his business.

"My dad told me when I came that if I worked half as hard on my homework as I do on Band, I'd graduate with flying colors."

But keep marching, Ron, and for the next four years, may cries of astonishment and wonder fill the air during half-time at Wartburg's home football games.

3 To Attend ISEA Meet

Three Wartburg faculty members will attend the Iowa State Education Association convention next Thursday and Friday in Des Moines.

Representing Wartburg at the 106th annual meeting are Miss Stella Austerud, Educational Department; the Rev. Robert Gremmels, Alumni Director; and Dr. Ax Bundgaard, Physical Education Department.

A COFFEE HOUR for Wartburg alumni will be held on the West Roof of the Hotel Savery from 3 to 5 p.m. Thursday.

The Honorable Herschel C. Loveless, governor of Iowa, will give the greetings at the first general session. Dr. George Z. F. Bereday, professor of Comparative Education from Columbia University Teachers College, will speak on "The Status of Teachers."

OVER TWO HUNDRED exhibitions by retail, educational and welfare institutions will be a major attraction during the convention.

Official business will be conducted at business sessions, breakfasts, luncheons and dinners at various places in downtown Des Moines.

"CENTER OF THE BLOCK"

IN CHARGE OF admissions, Fred Thompson confers with his secretary, Mrs. Raymond Norheim.

FOR MORE STUDENTS

Admissions Works

By Lois Piotter

To have alumni, a college must have students. To have students, a college must have an Admissions Department.

That Wartburg's current freshman class is the third largest of all the liberal arts colleges in Iowa is due to a large extent to the Admissions Department, headed by Fred Thompson.

In order to get the right student in the right college, two full-time counselors are employed by Wartburg. Bill Bomhoff, a 1957 graduate of Wartburg, covers the schools in the state of Iowa. Mel Frahm, a '58 graduate, covers Wisconsin, Illinois and Minnesota.

These men travel to high schools in their respective states and are available for individual counseling in both homes and schools. It is in this way that parents also become acquainted with the facilities at Wartburg.

"We do not place the emphasis only on growth, but also on quality," said Thompson. "This is evidenced by the fact that the academic ability of each freshman class is rising, year by year."

On Nov. 12, Wartburg will have its annual Visitation and Counseling Day. On May 2, 1961, Spring Day will be observed on campus. A program, as well as tours of the campus, is planned for all those attending this day.

"We anticipate an even greater enrollment next year, and consequently all those interested in attending Wartburg should get their applications in as soon as possible," said Thompson.

He added that it seems to be the trend in all colleges and universities today for more students to stay for the full four years. This makes it even more difficult for freshmen to get in. Wartburg is therefore becoming more selective every year as to who will be admitted.

However, at the rate the Admissions Department is going, Wartburg will never lack alumni.

21 Seniors Accepted By Who's Who

Twenty - one Wartburg seniors have been approved by "Who's Who Among Students in American Universities and Colleges."

Selected by a student body vote on Oct. 13, these people will have their names recorded in that yearbook:

KAREN BARGMAN, Hector, Minn.; Jane Becker, Oak Lawn, Ill.; Bruce Bergquist, Oklahoma City, Okla.; Bob Boettcher, Appleton, Wis.; K. D. Briner, Waverly; Cathy Carr, Monona; Tom Christensen, Cedar Falls.

Larry Collmann, Waverly; Bill Goetz, Dubuque; Dave Grube, Waverly; Grace Jahn, Sheboygan, Wis.; Dick Jebson, Waverly; Dave Jensen, Waverly; Don Lehmann, New Richmond, Minn.; Fred Mai, Hill City, Kan.

Linda Mugridge, Waupun, Wis.; Marv Ott, Arlington; Andrea Richardson, Milroy, Minn.; Deanna Stob, Raymond, Minn.; Tom Van Wyngarden, Waverly; and Connie Wiechers, Napoleon, Ohio.

Karen Bargman is this year's student body secretary and is Student Education Association president. She also sings in the Choir and is a member of Alpha Chi, honorary scholarship society.

This year's Artist Series Committee secretary, Jane Becker, has also been Music Educators National Conference secretary. Jane sings in Choir and is a member of the Homecoming court.

Bruce Bergquist, Alpha Psi Omega president, is active in dramatics. His other activities include Choir and Alpha Chi, of which he is vice president.

BOB BOETTCHER is student body treasurer and has been a class officer for the past three years. He is a member of Convocations Committee and Academic Life Committee.

K. D. Briner writes the humor column for the Trumpet and is chairman of the Constitutions Committee.

A member of Campus Church Council, Cathy Carr is also vice president of Phebes. Her other time is spent in Alpha Chi, Trumpet and Lutheran Student Association.

Choir president Tom Christensen has been a senator the past two years. He has

served on the Academic Life Committee and the Student Union Council.

Larry Collmann is student body vice president as well as an active member of the football squad and W-Club. He is a member of Business Student Association and has served on various student government committees.

Bill Goetz's activities include Alpha Chi, Choir, LSA, Science Club, Trumpet staff and Academic Life Committee. He served as vice president of Science Club last year.

DAVE GRUBE is senior class president, Alpha Chi president and sings in Choir. He has been president of Tri-Beta and is a member of Parish Mission Builders and Academic Life Committee.

Grace Jahn is active in journalism, being Alpha Phi Gamma president, editorial assistant for the Trumpet and a past feature editor of the paper. She is regional representative of Alpha Chi, was last year's Castle editor and is a member of SEA, Young Democrats and Student Senate.

W-Club member Dick Jebson was class president his sophomore year, has been a Choir member and has served as chairman of the Public Relations Committee.

In addition to athletic accomplishments, Dave Jensen participates in SEA, Young Democrats, Trumpet and has been a student government committee member for three years. He was Student Body Project chairman last year and two years ago was Intramurals chairman.

Don Lehmann is active in football and baseball and is a member of the IM Committee. He also served as class president his freshman year.

Fred Mai, student body president, occupies his time in other areas, too. Last year he was Campus Congregation treasurer, Chi Rho secretary and Carnival chairman. He is in Alpha Chi and plays baseball, too.

Linda Mugridge is chief of the Trumpet. Her other activities include Alpha Chi, Alpha Phi Gamma, SEA and

Publications Committee.

Marv Ott as a three-sport letter winner has gathered monograms in football, baseball and basketball.

Andrea Richardson is SEA treasurer. Her other activities are Alpha Chi and Choir.

DEANNA STOB is in a number of activities, including debate, Fortress, Passavant Club and Young Democrats. She is also a member of Alpha Chi.

Tom VanWyngarden heads

W-Club after serving as secretary of the lettermen last year. He is in BSA, and is a member of the Faculty-Student Athletic Committee and Spiritual Emphasis Week Committee.

President of the Women's Coordinating Board, Connie Wiechers also serves as treasurer of Women's Athletic Association. She is in Tri-Beta, is secretary-treasurer of Hans Sachs and serves as assistant campus nurse.

Both last year's Trumpet and Fortress received First Class ratings from the Associated Collegiate Press, according to word received recently.

The ACP, with headquarters in Minneapolis, has a yearly critical rating service. The Trumpet rating was for second semester of last year.

Both Trumpet and Fortress were particularly commended for their complete coverage.

HC Is Poppen Out All Over

By Carol Stier

Sparking enthusiasm for the 1960 Homecoming activities is senior chairman Don Poppen.

A business management-economics major, Don was elected to his responsibility-bearing position by a preferential ballot of the student

GENERAL CHAIRMAN Don Poppen confers with Kastle Kapers Director Bill Schroeder.

body last spring. Since the first day of school, Don has been working and planning diligently for a never-to-be-forgotten weekend.

HE DID, however, take one breather. On Sept. 25 he married the former Ann Feulner, a Wartburg student for the past two years. They now

live in Waverly, where Mrs. Poppen is social editor of the Bremer County Independent and the Waverly Democrat.

In answer to the ever-recurring question of marriage versus college education, Don said, "I'm no authority, since I've had only one month of it, but I think it's a great estate. Marriage hasn't hindered me one bit. In fact, the support I've received from my wife, has been invaluable to me."

BEFORE COMING to Wartburg College, Don served two years in the Army. Most of that time was spent at Fort Lewis, Wash.

In regard to that experience, Don says, "Well, I'd never make a career of it, but then, everything has its good and bad points."

Don chose Wartburg College primarily because of the influence of his pastor, the Rev. Werner Fritschel. Then serving the country church near Manson (Don's home town), Fritschel was once a member of the Wartburg Christianity staff and served as registrar.

Don's courses this year include International Trade, Intermediate Accounting, Principles of Management, Elements of Statistics, Life of Christ and first-year voice.

WHEN ASKED why he chose to take first-year voice lessons, he replied, "Well, I can carry a tune a little bit and thought I'd like to try it."

President of Business Student Association last year, Don enjoys sleeping and bowling, though he claims he spends the most time drinking coffee. He also lends a hand to the Waverly-Shell Rock school system by driving a bus route twice a day.

"I've enjoyed working toward these Homecoming activities," said Don. "I had an excellent group of chairmen to work with and haven't any complaints at all. Furthermore, I feel the experience will prove invaluable."

In conclusion, he adds that having survived the ordeal of directing Homecoming preparations, he now feels that the fun and experience he enjoyed far outweigh any causes for reluctance any prospective candidate might feel towards running for the position.

Senior Education Majors Student Teaching In Area

Twenty-two Wartburg seniors majoring in the field of education are presently teaching in area schools.

Those teaching physical education in the Waverly-Shell Rock High School are Henry Giesman, Kermit Urbain and David Jensen. The mathematics department is aided by June Rickhoff in geometry and Leroy Scharnhorst in advanced algebra.

English and business education positions are occupied by Linda Mugridge, who teaches language skills; Grace Jahn, English literature; Lorraine Fiegen, American literature; Tom Maik, English 10; James Lahmann, general business; and John Sternberg, Typing I.

Dave Hunter instructs biology. The girls' glee club is under the direction of Jane Becker while the high school mixed chorus is under the guidance of Douglas Kutschat.

Secondary teachers in Waverly-Shell Rock Junior High School number four. They include Robert Scharlau, Roger Heins, Verlyn Frohling and David Piper, all teaching science.

In Janesville High School Betty Simon teaches home economics while Marilyn

Lindstrom instructs English I and II. Joyce Kramer teaches both elementary and secondary music in the Janesville schools.

Students teaching in various other schools are Derald Gburley, who instructs both clerical practice and typing at Denver; Marian Stubenvoll, who is trying her hand at elementary music in the Carey School, Waverly; and Bob Pannkuk, who teaches elementary music in the Shell Rock School.

According to Dr. Herbert Max, supervisor of secondary teachers, and Maynard Anderson, supervisor of student teachers in music, still other students will begin instructing on the secondary level soon.

Gift Of '60 Srs. To Bé Built Soon

Steel building identification signs, donated by last year's senior class, are being placed on the campus.

The signs are for the Student Union and the Fine Arts Center.

Talk Groups To Organize

A new series of discussion groups conducted under the auspices of the Student Congregation Council and its Christian Growth Committee will be inaugurated in November.

"These groups are aimed to reach students who aren't reached by other means," said Cathy Carr, Christian Growth chairman.

ANYBODY MAY join the program. The groups will pick meeting place and meeting time.

To begin the program, all those interested will assemble in one group, probably on Nov. 16. Small groups of from eight to fifteen people will then be formed.

THE PROGRAM is in addition to the Bible Discussion Groups held Sunday mornings. The main difference between the two discussion groups is that the new one will be more autonomous, according to Miss Carr.

Further details will be published during the week of Nov. 7.

Tillmanns Will Speak At Reformation Rally

The Rev. Walter Tillmanns, German Department, will speak on the topic "Martin Luther Today" at the Reformation Rally of the National Lutheran Council of Churches.

The rally will be held tomorrow at Bismarck, N. D.

Fortress Photos Here Next Week

Individual pictures of underclassmen and faculty have arrived, and both groups may select their pictures early next week, according to acting Fortress Co-editor Linda Lott.

Underclassmen and faculty may come to the Publications House between 1 and 5 or 7 to 9 p.m. Monday through Wednesday to choose their pictures for the annual. All will receive reorder sheets.

Dr. Schmidt Attends Founders Day At Sem.

Dr. Karl Schmidt, Christianity Department, will attend the annual Founders Day at Wartburg Seminary, Dubuque, Wednesday.

Dr. Schmidt will participate in the installation of the Rev. William Weblen as professor of systematic theology and will also serve as master of ceremonies at the evening banquet.

Six Foreign Students Learn America Through Wartburg

By Christine Hemenway

Six students from various countries are taking advantage of an opportunity to compare American schools, customs and government with their own by studying at Wartburg.

All scholarship winners, they are Kris Mueller, Jens Peters, Ernest Abajah, Victor Lachica, Majilinde Zerrudo and Noel Florendo.

Summing up Kristian Mueller's attitude are his words, "I'm for Kennedy and I like football."

FROM GERMANY, Kris attended Bonn University for two semesters, then won a scholarship to study political science at the Free University of Berlin. He returned to the Bonn school for another semester before coming here, where he is studying history and political science.

Kris notes that, in contrast to the European system in which exams are not given until after a student's sixth, seventh or eighth semester, the American practice of giving midsemester and semester exams, as well as finals, is "... a help to the students ... a good system that keeps the students working hard."

He adds, "I think it would help to have oral examinations here. My experience is that students have little time to formulate essay test answers. An oral test would give them advantages."

KRIS HAS decided opinions concerning the current political battle.

"According to what I have heard from TV debates and read in newspapers, Kennedy shows more ability to represent the United States; he will be a stronger, more aggressive President than Nixon and will keep the position America holds in Berlin."

"From my point of view, Nixon has shown irresponsibility in saying Americans haven't lost prestige. I can't agree that America hasn't lost in the space race, and it is unfair of Nixon to mislead Americans."

"Kennedy's election could have a slight influence on the next German elections, since it would show Germans that Americans are willing to put a younger man in office. This would give Willy Brandt a good chance to succeed Chancellor Konrad Adenauer."

"GERMAN NEWSPAPERS give the impression now that Nixon will surely win. I think it is close — I'm for Kennedy."

Also from Germany, Jens Peters states, "The general opinion about America in Germany is very positive. People in Germany are following your Presidential campaign as you are."

Jens attended the University of Tuebingen in southern Germany for a year. Since he plans to teach English in Germany, he also had to study

miles from Nairobi. An American-African student foundation applied here in his behalf.

Ernest, who favors soccer as his sport interest and also is interested in photography, is majoring in business administration. He plans to complete his studies here and then would like to go to England.

"THE WEATHER and food here are very different, but the method of study is the same," is his observation.

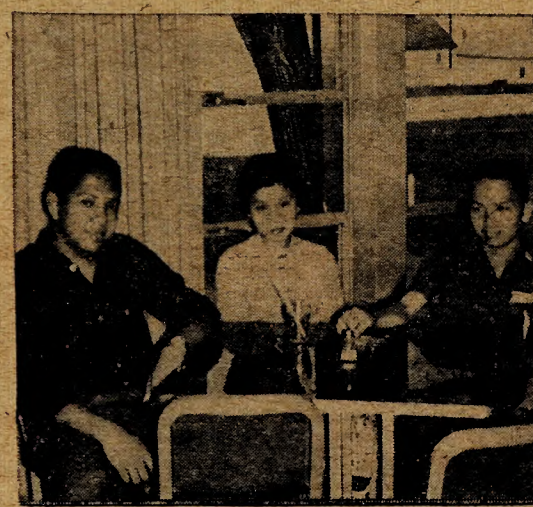

As to relations between his country and others he says, "The reflection on the United Nations is different in each state. My state is appreciative."

Victor Lachica, from the Philippine Islands, also notices the difference in food.

"I'm still adjusting."

Vic agrees with Kris Mueller concerning the space race: "When Nixon says the United States is ahead in missiles, I don't agree."

Before coming to America, Vic studied for a year at Silliman University, where he took a

Noel Majilinde Victor

general course of study. Now he is considering the fields of chemistry and physics.

OF AMERICA he says, "I haven't seen much of the country yet, and I would like to. There are many wonderful things here."

Of Wartburg, "The people are friendly." Vic finds his time here filled with studying, but indulges in a favorite pastime, reading.

"I like the Reader's Digest best. It contains the important information gathered from many sources."

Vic notes that, because of the fewer number of years Filipinos attend grade school, they are younger than Americans when they enter college and, therefore, more immature. He says plans are being discussed to change this.

Also from the Philippines, Majilinde Zerrudo notes another difference at Wartburg.

"Your student government is so active," she says. "I would like to improve ours."

As did Vic, Majilinde studied at Silliman University, where her mother is a dentist at the missionary hospital. Her father teaches English at a province school.

ACTIVE IN high school, Majilinde was a Girl Scout, a cheerleader, high school officer and choir member.

She says of her opportunity to study here, "I was very lucky. I'm happy here. Everyone is so friendly that I'm not homesick."

As was Majilinde, Noel Florendo was recommended to Wartburg by Dr. Edilberto Tiempo, formerly a Wartburg faculty member. Noel attended Silliman through high school, except for his freshman year, which he spent at the University of the Philippines. He also studied college subjects at the latter school for one and one-half terms, or nine weeks.

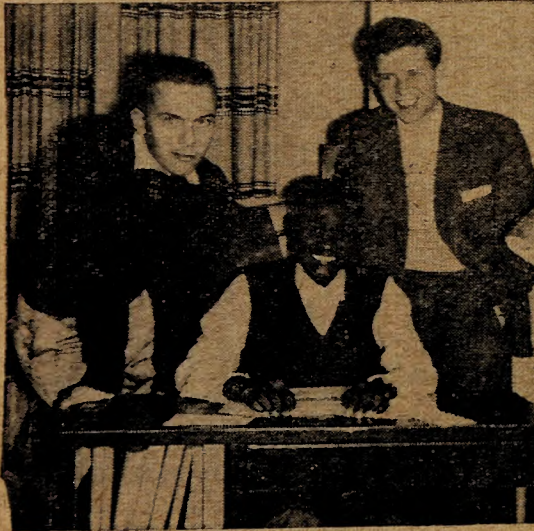

Noel's father is a doctor, specializing in surgery; his mother, also an M.D., specializes in obstetrics and gynecology. Both, with his younger brother, are now in Kansas City, Mo. His sister is a high school senior at the University for Women in the Philippines.

NOEL PLANS to complete a pre-medical course here and then return home for a short period before completing his studies.

Noel says of Wartburg, "It's a beautiful place, and the students are friendly."

Of the political campaign, "I'm with Nixon. As vice president, he has had experience on the executive level."

Six students from different sides of the world have come to view America and learn all they can while at Wartburg. Although there are differences, all seem to have adjusted well. They are all Wartburgers — and Americans — if only for a while.

Jens Ernest Kristian

for a year in an English-speaking country. He chose the University of Edinburgh in Scotland. "In Scotland I lived in a boardinghouse with two American students. One of them suggested I go to school in America."

He was Wartburg graduate The Rev. Roger Battke.

Jens began working to get his visa, which he says is very difficult.

NOW THAT he is here, he comments, "I like it. The whole method of studying is different. In Germany we choose one subject and concentrate on it, rather than take various courses, and we have no campus life at all."

"People are friendly and always ready to help," says Ernest Abajah of Wartburg.

He is a freshman from Nairobi, Kenya.

Ernest formerly attended Maseno High School, a missionary school about two-hundred

Library Receives 12 Recent Books

All students who thought they had all the library books read, may now select from 12 new books on a variety of subjects.

The list of new books includes "Multipurpose Tools for Bible Study" by Danker, "Six Existentialist Thinkers" by Blackham, Maury's "Politics and Evangelism," "Teaching for Self-education" by Douglas.

"A Philosopher Looks at Science" by Kemeny, "American Building Art" by Condit, Grout's "History of Western Music," "Words for the Wind" by Roethke, "Meeting with Japan" by Maraini.

"And Quiet Flows the Don" by Sholokhov, "The View from the Fortieth Floor" by White and "Someone Like You" by Dahl.

Rademacher Engaged

Ron Rademacher, sophomore from Oak Lawn, Ill., became engaged to Nancy Holzrichter of Chicago, Ill., this weekend. Wedding plans are indefinite.

Who's Who Senate Topic

Discussion concerning the Who's Who elections, which have been recently debated, was a major item on the agenda at the Student Senate meeting last Monday evening.

Because the Who's Who elections have also been a sore spot in the past, the Senate decided to set up a special committee to investigate the situation.

This committee will seek to establish a fair and agreeable standard which can be used as the basis for future elections.

By unanimous vote the Senate decided to release all responsibilities it has in connection with the Campus Congregation and to transfer such responsibilities to the church. This involved turning over the Chapel Committee to the Congregation.

Reports by several of the class presidents on the new program of class meetings were also considered.

It was decided that this program seemed to be working out quite well, and that the advantages favored continued use of regularly scheduled class meetings on the same night.

When it comes to printing, you name it, we do it RIGHT and at the RIGHT price. Call us for prompt estimates.

Visiting Math Lecturer Here Nov. 3, 4

As part of the visiting lectureship program administered by the Mathematical Association of America, Professor R. D. Anderson of Louisiana State University will appear at Wartburg Nov. 3 and 4.

"Algebraic Systems" will be the subject of his speech at 9 a.m. on Thursday in Room 301, Luther Hall.

At 11 a.m. he will speak in the same place on "Models of Plane Geometry."

He will give an elementary expository lecture on "Mathematics, Mathematicians and Society" at 7:30 p.m. This will be for Science Club members and any other interested persons.

His schedule for Friday includes an address on "Algebraic Systems" in Room 102, Luther Hall.

For junior and senior math majors and faculty members of Wartburg, Iowa State and other neighboring colleges, he will discuss "What is Topology?" at 3 p.m. on Friday.

Professor of mathematics at Louisiana State, Anderson received his A.B. from the University of Minnesota and his Ph.D. from the University of Texas.

He was a faculty member of the University of Pennsylvania, where he was named Boyd Professor of Mathematics. Recently he was named an Alfred P. Sloan Research Fellow.

Junior Diane Daggett Ambassadors Of Week

Junior Diane Daggett has been named North Hall's fourth Girl-of-the-Week.

Brown-eyed, brown-haired Diane, a music major from Sioux Falls, S.D., is most often seen by the student body serving in her capacity as cheerleader.

The Ambassadors are selecting one junior or senior girl a week for six weeks during the football season. One of the girls will be named North Hall Campus Carnival queen candidate in the spring.

In addition, she will receive a North Hall sweat shirt or mug and be made an honorary Ambassador. Each girl also receives a corsage.

Lee Forms Band To Play For Fun

A varsity band will be formed next Tuesday at 6:45 p.m. in the band room, according to Robert Lee, Music Department.

The new group is for those who want to practice for next year's concert band, for music majors to play secondary instruments or for those who want to play recreationally.

The band will practice one hour per week. There are no tryouts or pressures—just fun, according to Lee.

Bjorgan Attends Asian Meeting

Rudolph Bjorgan, History Department, is attending the ninth annual meeting of the Conference on Asian Affairs at the University of Oklahoma.

On leave of absence to work toward a doctorate at the University of Minnesota, Minneapolis, Bjorgan was named a member of the committee to help write the constitution for the Conference.

Keynote speaker for the meeting is Nathaniel Peffer, professor emeritus of international relations at Columbia University, New York City. An attendance of two hundred is expected.

Record On Sale

"High Lights of the '60 Tour," the Band recording, is now on sale for \$4.75.

Cruising Around

By Carr

Happy Homecoming, everyone! Welcome, alumni, and hi, students! Now that we're all good and tired out preparing for the weekend, — but don't sleep yet, there's more to come! You can sleep in class next week, unless your teachers were kind enough to keep you awake by giving you a test Monday.

Calling all queens — reception in Centennial Hall lounge Sunday, from 3-5 p.m. Everyone is welcome, whether you are queen, king, princess or prince.

★ ★ ★ ★

Don't let the after-Homecoming let-down get you down. Come to the lecture by Dr. Clifford Hanson, Philosophy Department, on America's National Purpose. Clinton Hall lounge, Monday, 7 p.m.

Alpha Chi meets Tuesday night, Luther Hall 102, at 7 p.m. Dr. G. J. Neumann, English Department, will speak on Robert Browning.

This room will be taken over by the scientists Thursday night, as Science Club meets at 7:30.

★ ★ ★ ★

I hope the alumni and visitors appreciated the extra trouble Waverly went to in order to welcome them — even tore up their streets. But I hope everyone is having a truly good time, and that past columnists aren't too critical of their successors.
